36.10 validation of appropriation bonds and all matters connected with the issuance of the bonds.

36.11 (d) The commissioner may determine the commissioner's authority to issue
36.12 appropriation bonds and the legality of all proceedings in connection with issuing bonds.
36.13 For this purpose, a complaint shall be filed by the commissioner in the Minnesota Supreme
36.14 Court against the state and the taxpayers and citizens.

36.15 (e) As a condition precedent to filing of a complaint for the validation of
36.16 appropriation bonds, the commissioner shall take action providing for the issuance of
36.17 appropriation bonds in accordance with law.

36.18 (f) The complaint shall set out the state's authority to issue appropriation bonds, the
36.19 action or proceeding authorizing the issue and its adoption, all other essential proceedings
36.20 had or taken in connection with issuing bonds, the amount of the appropriation bonds to
36.21 be issued and the maximum interest they are to bear, and all other pertinent matters.

36.22 (g) The Minnesota Supreme Court shall issue an order directed against the state and
36.23 taxpayers, citizens, and others having or claiming any right, title, or interest affected by
36.24 the issuance of appropriation bonds, or to be affected by the bonds, allowing all persons,
36.25 in general terms and without naming them, and the state through its attorney general to
36.26 appear before the Minnesota Supreme Court at a designated time and place and show
36.27 why the complaint should not be granted and the proceedings and appropriation bonds
36.28 validated. A copy of the complaint and order shall be served on the attorney general at
36.29 least 20 days before the time fixed for hearing. The attorney general shall examine the
36.30 complaint, and, if it appears or there is reason to believe that it is defective, insufficient, or
36.31 untrue, or if in the opinion of the attorney general the issuance of the appropriation bonds
36.32 in question has not been duly authorized, defense shall be made by the attorney general as
36.33 the attorney general deems appropriate.

36.34 (h) Before the date set for hearing, as directed by the Minnesota Supreme Court,
36.35 either the clerk of the Minnesota Appellate Courts or the commissioner shall publish a
36.36 copy of the order in a legal newspaper of general circulation in Ramsey County and

37.1 the state, at least once each week for two consecutive weeks, commencing with the
37.2 first publication, which shall not be less than 20 days before the date set for hearing.
37.3 By this publication, all taxpayers, citizens, and others having or claiming any right,
37.4 title, or interest in the state, are made parties defendant to the action and the Minnesota
37.5 Supreme Court has jurisdiction of them to the same extent as if named as defendants in the
37.6 complaint and personally served with process.

37.7 (i) Any taxpayer, citizen, or person interested may become a party to the action by
37.8 moving against or pleading to the complaint at or before the time set for hearing. The
37.9 Minnesota Supreme Court shall determine all questions of law and fact and make orders
37.10 that will enable it to properly try and determine the action and render a final judgment
37.11 within 30 days of the hearing with the least possible delay.

37.12 (j) If the judgment validates appropriation bonds, the judgment is forever conclusive
37.13 as to all matters adjudicated and as against all parties affected and all others having or
37.14 claiming any right, title, or interest affected by the issuance of appropriation bonds, or to
37.15 be affected in any way by issuing the bonds, and the validity of appropriation bonds or of
37.16 any revenues pledged for the payment of the bonds, or of the proceedings authorizing the
37.17 issuance of the bonds, including any remedies provided for their collection, shall never
37.18 be called in question in any court by any person or party.

37.19 (k)(1) Appropriation bonds, when validated under this section, shall have stamped
37.20 or written on the bonds, by the proper officers of the state issuing them, a statement in
37.21 substantially the following form: "This bond is one of a series of appropriation bonds,
37.22 which were validated by judgment of the Supreme Court of the State of Minnesota,
37.23 rendered on, (year)"

37.24 (2) A certified copy of the judgment or decree shall be received as evidence in any
37.25 court in this state.

37.26 **Sec. 32. [16B.323] SOLAR ENERGY IN STATE BUILDINGS.**

37.27 Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms
37.28 have the meanings given.

37.29 (b) "Made in Minnesota" means the manufacture in this state of:

37.30 (i) components of a solar thermal system certified by the Solar Rating and
37.31 Certification Corporation; or

37.32 (ii) solar photovoltaic modules that:

37.33 (1) are manufactured at a manufacturing facility in Minnesota that is registered and
37.34 authorized to manufacture those solar photovoltaic modules by Underwriters Laboratory,
37.35 CSA International, Intertek, or an equivalent independent testing agency;

38.1 (2) bear certification marks from Underwriters Laboratory, CSA International,
38.2 Intertek, or an equivalent independent testing agency; and

38.3 (3) meet the requirements of section 116C.7791, subdivision 3, paragraph (a),
38.4 clauses (1), (5), and (6).

38.5 For the purposes of clause (ii), "manufactured" has the meaning given in section
38.6 116C.7791, subdivision 1, paragraph (b), clauses (1) and (2).

38.7 (c) "Major renovation" means a substantial addition to an existing building, or
38.8 a substantial change to the interior configuration or the energy system of an existing
38.9 building.

38.10 (d) "Solar energy system" means solar photovoltaic modules alone or installed in
38.11 conjunction with a solar thermal system.

38.12 (e) "Solar photovoltaic module" has the meaning given in section 116C.7791,
38.13 subdivision 1, paragraph (e).

38.14 (f) "Solar thermal system" has the meaning given "qualifying solar thermal project"
38.15 in section 216B.2411, subdivision 2, paragraph (e).

38.16 (g) "State building" means a building whose construction or renovation is paid
38.17 wholly or in part by the state from the bond proceeds fund.

38.18 Subd. 2. **Solar energy system.** (a) As provided in paragraphs (b) to (e), a project
38.19 for the construction or major renovation of a state building, after the completion of a
38.20 cost-benefit analysis, may include installation of "Made in Minnesota" solar energy
38.21 systems of 40 kilowatts capacity on, adjacent, or in proximity to the state building.

38.22 (b) The capacity of a solar system must be less than 40 kilowatts to the extent
38.23 necessary to match the electrical load of the building or to the extent necessary to keep the
38.24 costs for the installation below the five percent maximum set by paragraph (c).

38.25 (c) The cost of the solar system must not exceed five percent of the appropriations
38.26 from the bond proceeds fund for the construction or renovation of the state building.
38.27 Purchase and installation of a solar thermal system may account for no more than 25
38.28 percent of the cost of a solar system installation.

38.29 (d) The commissioner may exempt a major renovation of a state building from the
38.30 requirements of this section if the commissioner finds that the structural soundness or
38.31 other physical condition of the state building to be renovated makes the installation of a
38.32 solar energy system infeasible.

38.33 (e) The commissioner may exempt appropriations for construction or major
38.34 renovation of a state building authorized before June 30, 2012, from the requirements of
38.35 this section if the commissioner determines that the installation of a solar energy system

39.1 would require the redesign of program space or major building systems, but in no event
39.2 shall more than 20 percent of the applicable projects be exempted under this paragraph.

39.3 (f) A project subject to this section is ineligible to receive a rebate for the installation
39.4 of a solar energy system under section 116C.7791 or from any utility.

39.5 **EFFECTIVE DATE.** This section is effective the day following final enactment.

39.6 Sec. 33. **[116J.433] BUSINESS DEVELOPMENT THROUGH CAPITAL**
39.7 **PROJECTS GRANT PROGRAM.**

39.8 Subdivision 1. **Creation of account.** A business development through capital
39.9 projects account is created in the bond proceeds fund. Money in the account may only be
39.10 used for capital costs for eligible projects and public infrastructure.

39.21 (4) "eligible project" means any project for which general obligation bonds of
39.22 the state may be issued. Eligible projects must be capital projects for acquisition or
39.23 improvement of publicly owned fixed assets having a useful life of at least ten years.

39.24 Subd. 3. **Grant program established.** The commissioner shall make competitive
39.25 grants to local governmental units for eligible projects and public infrastructure required
39.26 to support an eligible project, which may include: predesign, design, acquisition of land or
39.27 buildings, construction, furnishing, and equipping a new or renovated building. The local
39.28 government unit may employ or contract with persons, firms, or corporations to perform
39.29 one or more or all of the functions of architect, engineer, or construction manager with
39.30 respect to all or any part of an eligible project and related public infrastructure. The local
39.31 government unit may deliver the eligible project and related public infrastructure through
39.32 either a design-build or construction manager at-risk method. To the extent practicable
39.33 and at the discretion of the local government unit, the local government unit may have
39.34 rights and exercise powers with respect to the acquisition, construction, use, and operation
39.35 of an eligible project, as are granted under section 473.756. No consent or approval of

another political subdivision is required for the effectiveness or the exercise by a local government unit of the rights or powers.

Subd. 4. **Application.** (a) A local governmental unit must apply to the commissioner for a grant under this section. At a minimum, a local governmental unit must include the following information in its application:

(1) a resolution of its governing body certifying that the money required to be supplied by the local governmental unit to complete the project is available and committed;

(2) a detailed estimate, along with necessary supporting evidence, of the total costs of the eligible project;

(3) an assessment of the potential or likely use of the site for innovative business activities after completion of the eligible project;

(4) a timeline indicating the major milestones for the eligible project, including anticipated completion dates;

(5) an estimate of the operating costs for the project for ten years following completion; and

(6) any additional information or material the commissioner prescribes.

(b) The determination of whether to make a grant under subdivision 3 is within the discretion of the commissioner, subject to this section.

Subd. 5. **Match.** An amount granted under this program must be matched with at least an equal amount from nonstate sources. Any contribution to a project from nonstate sources made before a grant award is made under this section shall count towards the match requirement.

Subd. 6. **Priorities.** (a) If applications for grants exceed the available appropriation, grants must be made for projects that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred. In making this judgment, the commissioner shall evaluate and prioritize eligible projects on the following characteristics:

(1) creation of new jobs, retention of existing jobs, or improvements in the quality of existing jobs as measured by the wages, skills, or education associated with those jobs;

(2) improvement in the quality of existing jobs, based on increases in wages or improvements in the job duties, training, or education associated with those jobs;

(3) increase in the local tax base, based on demonstrated measurable outcomes;

(4) demonstration that investment of public dollars in the project will induce private investment;

(5) whether the project provides necessary repair or replacement of existing capital assets;

(6) whether the project reduces operating expenses of or increases revenue from existing capital asset, thereby offsetting at least a portion of project costs;

(7) whether the project provides health or safety benefits;

(8) the number of residents served by or who will benefit from the project;

(9) demonstration of local support;

(10) the capacity of the project to attract revenue from out of state; and

(11) objective cost benefit analysis and return on investment.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. In prioritizing projects, the commissioner shall make an appropriate balance between the metropolitan area and greater Minnesota.

Subd. 7. **Sunset.** This section expires June 30, 2016.

Sec. 34. **[116J.436] TRANSPORTATION ECONOMIC DEVELOPMENT INFRASTRUCTURE PROGRAM.**

Subd. 3. **Trunk highway projects.** Money in the program shall not be used on trunk highway improvements, but can be used for needed infrastructure improvements and nontrunk highway improvements in coordination with trunk highway improvement projects undertaken by the Department of Transportation.

Subd. 4. **Application.** The commissioners of transportation and employment and economic development shall design an application process and selection process to distribute funding to local units of government for publicly owned infrastructure using criteria that take into account: job creation; increase in local tax base; level of private investment; leverage of nonstate funds; improvement to the transportation system to serve the project area; and appropriate geographic balance between the metropolitan area and greater Minnesota.

Sec. 35. Minnesota Statutes 2010, section 462A.21, is amended by adding a subdivision to read:

43.16 finance or refinance such costs.

43.17 (b) Among comparable proposals for permanent supportive housing, preference
43.18 shall be given to permanent supportive housing for individuals or families who: (1) either
43.19 have been without a permanent residence for at least 12 months or at least four times in
43.20 the last three years; or (2) are at significant risk of lacking a permanent residence for 12
43.21 months or at least four times in the last three years.

43.22 Subd. 3. **No full faith and credit.** The housing infrastructure bonds are not public
43.23 debt of the state, and the full faith and credit and taxing powers of the state are not pledged
43.24 to the payment of the housing infrastructure bonds or to any payment that the state agrees
